Canadysli Schnitzelbängg 2007

1.
In Iran and also Afghanistan
The money gets wasted, I am no fan:
They should save some of it for us,
Canadysli can then get a bus!
2.
A Subway token: Two Seventy Five
That's expensive should be cut with a knife!
When this Price keeps going up I'll fight:
A Taxi will be the solution late at Night!
3.
If you can't anymore use your Finger
Then it's really no more fun to linger!
To pick your Nose you're no more able
And the Piccolo is laying on the Table!
4.
Global warming, you must have heard:
We're getting "heated Snow" on the beard!
Our Buentu can stop producing Gas
Yes, really, the heat comes by itself!
(not from his ass !)
5.
Liberal or NDP
Cocaine or LSD
What worries me a little bit
Its all the same old bloody ^(sh)kit !
6.
While cooking Sausages and CD's listening
The old lady outside the Horn she is blinging !
You couldn't have it any better la la la
Then with this Gugge ^(music) in CANADA !
